## Add Virtual Tours to Your Properties & Search for Properties With Virtual Tours

### Step-by-Step Instructions:

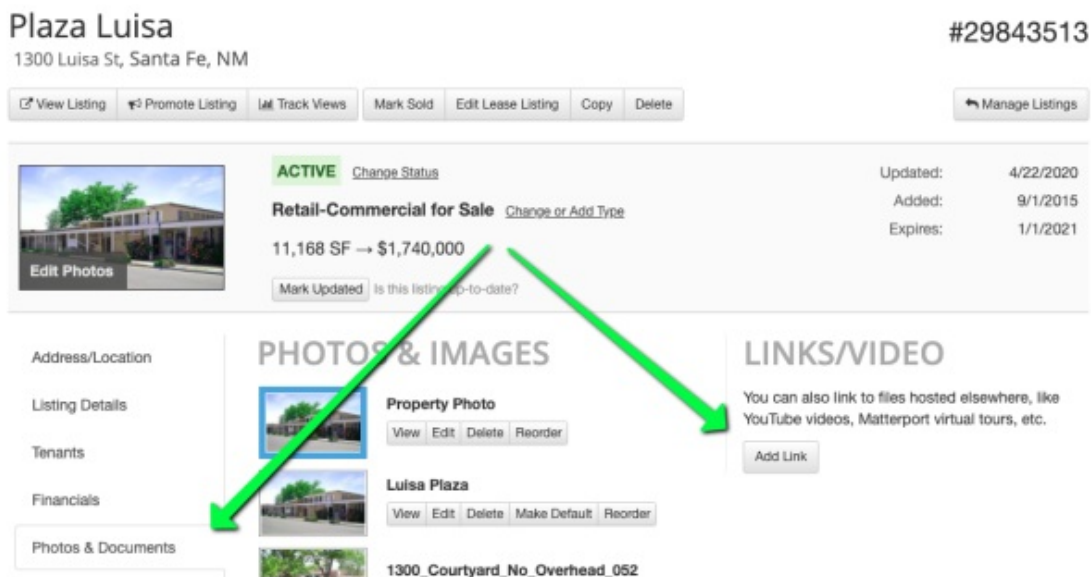

---

#### ADDING A VIRTUAL TOUR

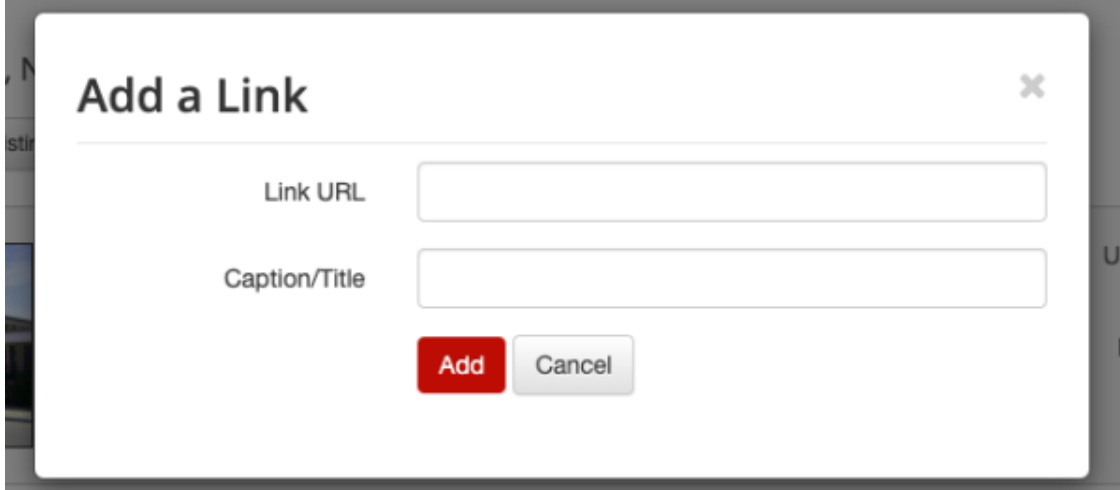

1. To add a virtual tour to your listings, go to My Account > My Listings and click the Edit button located to the right of the property you wish to add the virtual tour to:

2. Click the Photos & Documents section located on the left side of the page, then click the Add Link button:

3. Plug the web address of the tour into the Link URL field and include a Caption/Title to best describe the tour, then click Add and the tour will be automatically embedded into the listing:

4. A tutorial about virtual tours, highlighting these two processes, has been added to the CIE website. The video is located on the Market Monitor/Home page:

Or you can view the video [here](#).
